

Verizon  
600 Hidden Ridge  
Irving, TX 75015-2092

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(A)**

May 2, 2011

**Carrier:** Verizon, New Jersey 540 Broad Street, Newark, NJ 07102

**Contact:** For additional information on these planned network changes, please contact:

Scott Walker  
Verizon Communications  
Manager – Switch Engineering / Trunk Capacity Management – N.J. and New England  
**13100 Columbia Pike, Silver Spring, Md 20904**  
**301-282-1544**

**Implementation Date:** No earlier than November 2, 2011

**Planned Network Change(s) Will Occur at the Following Maryland Location(s):**

<u>Location</u>	<u>Verizon Central Office</u> <u>CLLI Code</u>
Woodport, New Jersey	WDPTNJWPDS5

**Description of the Planned Network Change(s):**

The Verizon Woodport DS5 EWSD End Office Switch office switch (**WDPTNJWPDS5**) located at **181 Espanong Road, Woodport, NJ 07849** will be retired and removed after all traffic served by this switch is migrated to the alternative switch described below. Traffic currently coming to Woodport will be migrated to the New Brunswick CS 2000 (**NBWJNJBPS1**) located at 18 Paterson Street, New Brunswick, NJ 08901. All traffic will be migrated to the New Brunswick switch, including Inter-LATA (ACCESS/FG-B-D/CLEC IXC), Wireless, and Paging trunks.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

CLEC IXC, IEC, wireless and paging carriers will need to secure new trunk groups built to the New Brunswick PSO Call Server 2000 or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Woodport switch will be required to reposition the codes to the New Brunswick switch.

All ASRs for the New Brunswick Switch must be received no later than September 1, 2011 in order to provide sufficient time to migrate the traffic described above. All traffic must be moved by November 4, 2011. All ASRs for the Woodport switch must carry the project code of WDPTNJWPRP0.
