

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

**December 15, 2017**

**Carrier:** Verizon Virginia LLC, 22001 Loudoun County Parkway, Ashburn, VA 20147

**Contact:** For additional information on these planned network changes, please contact:

Steven Tobia  
Global Engineering and System Performance  
Verizon Wireline Network Operations  
13100 Columbia Pike  
Silver Spring, MD 20904  
(410) 707-7964

John Dunne  
Senior Manager – Global Engineering and System Performance  
Verizon Wireline Network Operations  
2147 Hwy 27  
Edison, NJ 08817  
(732) 593-4003

**Implementation Date:** On or after **June 30, 2018**

**Planned Network Change(s) Will Occur at the Following Virginia Location(s):**

<b>Verizon Central Office</b>	<b>Address</b>	<b>CLLI</b>
GREAT NECK EWSD Switch	1585 Great Neck Road, Virginia Beach, VA 23454	<b>VRBHVAGNDS0</b>
CHINESE CORNER CS2K Switch	221 Dorset Ave, Virginia Beach, VA 23462	<b>VRBHVACCPS0</b>

**This notice may also be viewed at:**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Great Neck, VA EWSD switch are associated with CLLI code VRBHVAGNDS0 and will not be repeated throughout the notice.
- All references to the Chinese Corner, VA CS2K switch are associated with CLLI code VRBHVACCPS0 and will not be repeated throughout the notice.

**Description of the Planned Network Change(s):**

The Verizon Great Neck EWSD switch located at 1585 Great Neck Rd., Virginia Beach, VA 23454 will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Chinese Corner CS2K switch located at 221 Dorset Ave, Virginia Beach, VA 23462. All traffic to be migrated to the Chinese Corner CS2K switch includes, but is not limited to Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

All carriers including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless and paging carriers will need to provision new trunk groups to support direct end office trunking to the Chinese Corner CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Chinese Corner CS2K must be received no later than **April 30, 2018** in order to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Great Neck EWSD switch (**on or after June 30, 2018**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Great Neck EWSD switch to reflect the Chinese Corner CS2K as the new home switch. All trunks to the Chinese Corner CS2K must be in place prior to the decommissioning of the Great Neck EWSD switch. All ASRs for the Chinese Corner CS2K switch must carry a project code of **VRBHVAGNRP0**.
