

6929 N. Lakewood Avenue Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

February 3, 2020

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Harvey Salzberg Global Engineering and Operations Verizon Wireline Network Operations 140 West Street, 5th Floor New York, NY 10007 212-519-4852

John Dunne Manager – Global Network Engineering and Operations Verizon Wireline Network Operations 999 West Main St., 2nd Floor Freehold, NJ 07728 732-683-5126

Implementation Date: On or after August 8, 2020

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Bay Shore NY DMS Switch	35 Fourth Avenue	BYSHNYBYDS0
	Bay Shore, NY 11706	
Deerpark NY CS2k Switch	85 W. Second Street	DRPKNYDPPS0
	Deer Park, NY 11729	

This notice may also be viewed at <u>http://www.verizon.com/about/terms-conditions/network-disclosures</u>

PLEASE NOTE:

• All references to the Bay Shore NY DMS switch are associated with CLLI code BYSHNYBYDS0 and will not be repeated throughout this notice.

• All references to the Deerpark NY CS2k switch are associated with CLLI code DRPKNYDPPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Bay Shore NY DMS switch, located at 35 Fourth Ave, Bay Shore, NY 11706, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Deerpark NY CS2k switch, located at 85 W. Second Street, Deer Park, NY 11729. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Deerpark NY CS2k switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Bay Shore NY DMS switch will be required to reposition the codes to the Deerpark NY CS2k switch.

All ASRs for the Deerpark NY CS2k switch must be received no later than June 1, 2020 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Bay Shore NY DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Bay Shore NY DMS switch (**on or after August 8, 2020**). This will serve to guide interconnect re-routes of traffic for the nine (9) native codes currently served by the Bay Shore NY DMS switch to reflect the Deerpark NY CS2k switch as the new home switch. All ASRs for the Deerpark NY CS2k switch must carry the project code of BYSHNYBYDS0.
