Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

February 28, 2020

Carrier: Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
443-862-0212

John Dunne
Senior Manager – Global Data Network Engineering
Verizon Wireline Network Operations
2147 Route 27
Edison, NJ 08817
732-593-4003

Implementation Date: On or after September 1, 2020

Planned Network Change(s) will occur at the following locations in Pennsylvania:

Verizon Central Office	Address	CLLI
GLENOLDEN PA 5ESS Switch	28 S. Chester Pike, Glenolden, PA 19036	GLLDPAGNDS0
MARKET PA CS2K Switch	900 Race Street, Philadelphia, PA 19107	PHLAPAMKPS1

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Glenolden PA 5ESS switch are associated with CLLI code GLLDPAGNDS0 and will not be repeated throughout this notice.
- All references to the Market PA CS2K switch are associated with CLLI code PHLAPAMKPS1 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Glenolden PA 5ESS switch, located at 28 S. Chester Pike, Glenolden, PA 19036, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Market PA CS2K switch, located at 900 Race Street, Philadelphia, PA 19107. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Market PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Glenolden PA 5ESS switch will be required to reposition the codes to the Market PA CS2K switch.

All ASRs for the Market PA CS2K switch must be received no later than August 8, 2020 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Glenolden PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Glenolden PA 5ESS switch (**on or after September 1, 2020**). This will serve to guide interconnect re-routes of traffic for the seven (7) native codes currently served by the Glenolden PA 5ESS switch to reflect the Market PA CS2K switch as the new home switch. All ASRs for the Market PA CS2K switch must carry the project code of **GLLDPAGNDS0**.
