

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

**May 28, 2020**

**Carrier:** Verizon Virginia LLC, 22001 Loudoun County Parkway, Ashburn, VA 20147

**Contact:** For additional information on these planned network changes, please contact:

Steven Tobia  
Global Engineering and System Performance  
Verizon Wireline Network Operations  
13100 Columbia Pike  
Silver Spring, MD 20904  
(410) 707-7964

John Dunne  
Senior Manager – Global Engineering and System Performance  
Verizon Wireline Network Operations  
2147 Hwy 27  
Edison, NJ 08817  
(732) 593-4003

**Implementation Date:** On or after **February 1, 2021**

**Planned Network Change(s) Will Occur at the Following Virginia Location(s):**

Verizon Central Office	Address	CLLI
Columbia Pike VA 5E Switch	900 S. Walter Reed Drive Arlington, VA 22204	<b>ARTNVACKDS1</b>
Fairfax VA CS2K Switch	10431 Fairfax Boulevard Fairfax, VA 22030	<b>FRFXVAFFPS0</b>

**This notice may also be viewed at:**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Columbia Pike VA 5E switch are associated with CLLI code ARTNVACKDS1 and will not be repeated throughout the notice.

- All references to the Fairfax VA CS2K switch are associated with CLLI code FRFXVAFFPS0 and will not be repeated throughout the notice.

**Description of the Planned Network Change(s):**

The Verizon Columbia Pike VA 5E switch, located at 900 S. Walter Reed Drive, Arlington, VA 22204, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Fairfax VA CS2K switch, located at 10431 Fairfax Boulevard, Fairfax, VA 22030. All traffic to be migrated to the Fairfax VA CS2K switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Fairfax VA CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Fairfax VA CS2K must be received no later than **December 4, 2020** in order to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Columbia Pike VA 5E switch (**on or after February 1, 2021**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Columbia Pike VA 5E switch to reflect the Fairfax VA CS2K as the new home switch. All trunks to the Fairfax VA CS2K must be in place prior to the decommissioning of the Columbia Pike VA 5E switch. All ASRs for the Fairfax VA CS2K switch must carry a project code of **ARTNVACKRP0**.
