

6929 N. Lakewood Avenue
Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

March 1, 2023

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Harvey Salzberg
Global Engineering and Operations
Verizon Wireline Network Operations
140 West Street, 5th Floor
New York, NY 10007
212-519-4852

John Dunne
Manager – Global Network Engineering and Operations
Verizon Wireline Network Operations
2147 Route 27, 4th Floor
Edison, NJ 08817
732-593-4003

Implementation Date: On or after **October 2, 2023**

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Dobbs Ferry NY DMS Switch	26 Ashford Avenue Dobbs Ferry, NY 10522	DBFYNYDFDS0
Pleasantville NY DMS Switch	465 Marble Avenue Pleasantville, NY 10570	PSVLNYPVPSA

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Dobbs Ferry NY DMS switch are associated with CLLI code DBFYNYDFDS0 and will not be repeated throughout this notice.

- All references to the Pleasantville NY DMS switch are associated with CLLI code PSVLNYPVPSA and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Dobbs Ferry NY DMS switch, located at 26 Ashford Avenue, Dobbs Ferry, NY 10522, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pleasantville NY DMS switch, located at 465 Marble Avenue, Pleasantville, NY 10570. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Pleasantville NY DMS switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Dobbs Ferry NY DMS switch will be required to reposition the codes to the Pleasantville NY DMS switch.

All ASRs for the Pleasantville DMS switch must be received no later than August 1, 2023 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Dobbs Ferry NY DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Dobbs Ferry NY DMS switch (**on or after October 2, 2023**). This will serve to guide interconnect re-routes of traffic for the five (5) native codes currently served by the Dobbs Ferry NY DMS switch to reflect the Pleasantville NY DMS switch as the new home switch. All ASRs for the Pleasantville NY DMS switch must carry the project code of **DBFYNYDFDS0**.
