Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

October 18, 2023

Carrier: Verizon Maryland LLC, 1 East Pratt Street, Baltimore, MD 21202

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Engineering and System Performance
Verizon Wireline Network Operations
13100 Columbia Pike
Silver Spring, MD 20904
(410) 375-9777

Quadre Washington
Senior Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Place,
Baltimore, MD 21202
(410) 736-4261

Implementation Date: On or after **June 3, 2024**

Planned Network Change(s) Will Occur at the Following Maryland Location(s):

Verizon Central Office	Address	CLLI
Severna Park MD DMS100 Switch	605 Ritchie Highway Severna Park, MD 21146	SVPKMDSPDS0
Annapolis MD C20 Switch	9 Northwest Street Annapolis, MD 21401	ANNPMDANPS1

This notice may also be viewed at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Severna Park MD DMS100 switch are associated with CLLI code SVPKMDSPDS0 and will not be repeated throughout the notice.
- All references to the Annapolis MD C20 switch are associated with CLLI code ANNPMDANPS1 and will not be repeated throughout the notice.

Description of the Planned Network Change(s):

The Verizon Severna Park MD DMS100 switch, located at 605 Ritchie Highway, Severna Park, MD 21146, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Annapolis MD C20 switch, located at 9 Northwest Street, Annapolis, MD 21401. All traffic to be migrated to the Annapolis MD C20 switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Annapolis MD C20 switch or have existing trunk groups to that switch augmented.

All ASRs for the Annapolis MD C20 must be received no later than **April 18, 2024** to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Severna Park MD DMS100 switch (**on or after June 3, 2024**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Severna Park MD DMS100 switch to reflect the Annapolis MD C20 switch as the new home switch. All trunks to the Annapolis MD C20 switch must be in place prior to the decommissioning of the Severna Park MD DMS100 switch. All ASRs for the Annapolis MD C20 switch must carry a project code of **SVPKMDSPDS0**.
