PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

This Notice amends Verizon New Jersey’s previously-filed Public Notice of September 1, 2022 seeking an on or after March 20, 2023 implementation date. With this amendment, Verizon New Jersey extends the implementation date to on or after August 1, 2024.

November 7, 2023

Carrier: Verizon New Jersey Inc., One Verizon Way, Basking Ridge, NJ 07920

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
410-375-9777

Quadre Washington
Senior Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Place,
Baltimore, MD 21202
(410) 736-4261

Implementation Date: On or after August 1, 2024

Planned Network Change(s) will occur at the following locations in New Jersey:

Verizon Central Office	Address	CLLI
Rochelle Park NJ CS2K Switch	65 West Passaic Street Rochelle Park, NJ 07662	RCPKNJ01PS0
New Brunswick NJ C20 Switch	18 Paterson Street New Brunswick, NJ 08901	NBWKNJNBPS2

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>.

PLEASE NOTE:

- All references to the Rochelle Park NJ CS2K switch are associated with CLI code RCPKNJ01PS0 and will not be repeated throughout this notice.
- All references to the New Brunswick NJ C20 switch are associated with CLI code NBWKNJNBPS2 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Rochelle Park NJ CS2K switch, located at 65 West Passaic Street, Rochelle Park, NJ 07662, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon New Brunswick NJ C20 switch, located at 18 Paterson Street, New Brunswick, NJ 08901. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers and paging carriers will need to secure new trunk groups built to the New Brunswick NJ C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Rochelle Park NJ CS2K switch will be required to reposition the codes to the New Brunswick NJ C20 switch.

All ASRs for the New Brunswick NJ C20 switch must be received no later than July 1, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Rochelle Park NJ CS2K switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Rochelle Park NJ CS2K switch (**on or after August 1, 2024**). This will serve to guide interconnect re-routes of traffic for the native codes on the eleven (11) end offices currently served by the Rochelle Park NJ CS2K switch to reflect the New Brunswick NJ C20 switch as the new home switch. All ASRs for the New Brunswick NJ C20 switch must carry the project code of **RCPKNJ01PS0**.
