

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

November 15, 2023

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Marcia Chaffin  
Verizon Network Engineering  
385 Myles Standish Blvd.  
Taunton, MA 02780  
978-552-3638

Quadre Washington  
Manager – Global Engineering and System Performance  
Verizon Wireline Network Operations  
320 Saint Paul Pl  
Baltimore, MD 21202  
410-736-4261

**Implementation Date:** On or after March 1, 2024.

**Planned Network Change(s) will occur at the following location(s) in New York:**

Verizon Central Office	Address	CLLI
Esperance, NY DMS100 Remote Switch	108 Cumpston Street, Esperance, NY 12066	<b>ESPRNYERRS0</b>
Esperance, NY T1000 Remote Packet Switch	108 Cumpston Street, Esperance, NY 12066	<b>ESPRNYERRP0</b>
Albany, NY Packet End Office Switch	158 State Street, Albany, NY 12207	<b>ALBYNYSSPS0</b>

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Esperance, NY DMS100 remote switch are associated with CLLI code ESPRNYERRS0 and will not be repeated throughout this notice.
- All references to the Esperance, NY T1000 remote packet switch are associated with ESPRNYERRP0 and will not be repeated throughout this notice.
- All references to the Albany, NY Packet End Office (PEO) switch are associated with CLLI code ALBYNYSSPS0 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Esperance, NY DMS100 remote switch, located at 108 Cumpston Street, Esperance, NY 12066, will be retired and removed from the network after all traffic served by this switch is migrated to the Esperance, NY T1000 remote packet switch, located at 108 Cumpston Street, Esperance, NY 12066. All traffic to be migrated to the Esperance T1000 remote switch will be homed to the Albany, NY PEO switch. Traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Albany, NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Esperance, NY DMS100 remote switch will be required to reposition the codes to the Albany, NY PEO switch.

All ASRs for the Albany, NY PEO switch must be received no later than January 15, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Esperance, NY DMS100 remote switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Esperance, NY DMS100 remote switch (**on or after March 1, 2024**). This will serve to guide interconnect re-routes of traffic for the one (1) native code currently served by the Esperance, NY DMS100 remote switch to reflect the Esperance T1000 remote packet switch and the Albany, NY PEO switch as the new home switch. All ASRs for the Albany, NY PEO switch must carry the project code of ESPRNYERRS0.
