

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

May 24, 2024

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Marcia Chaffin  
Verizon Network Engineering  
385 Myles Standish Blvd.  
Taunton, MA 02780  
978-552-3638

Quadre Washington  
Manager – Global Engineering and System Performance  
Verizon Wireline Network Operations  
320 Saint Paul Pl.  
Baltimore, MD 21202  
410-736-4261

**Implementation Date:** On or after January 2, 2025.

**Planned Network Change(s) will occur at the following location(s) in New York:**

| Verizon Central Office              | Address                                       | CLLI               |
|-------------------------------------|---|--------------------|
| Latham, NY 5ESS Switch              | 529 Troy Schenectady Road<br>Latham, NY 12110 | <b>LTHMNYTSDS0</b> |
| Albany, NY Packet End Office Switch | 158 State Street<br>Albany, NY 12207          | <b>ALBYNYSSPS1</b> |

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Latham, NY 5ESS switch are associated with CLI code LTHMNYTSDS0 and will not be repeated throughout this notice.
- All references to the Albany, NY Packet End Office (PEO) switch are associated with CLI code ALBYNYSSPS1 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Latham, NY 5ESS switch, located at 529 Troy Schenectady Road, Latham, NY 12110, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Albany, NY PEO switch, located at 158 State Street, Albany, NY 12207. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Albany, NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Latham, NY 5ESS switch will be required to reposition the codes to the Albany, NY PEO switch.

All ASRs for the Albany, NY PEO switch must be received no later than November 14, 2024, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Latham, NY 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Latham, NY 5ESS switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the five (5) native codes currently served by the Latham, NY 5ESS switch to reflect the Albany, NY PEO switch as the new home switch. All ASRs for the Albany, NY PEO switch must carry the project code of LTHMNYTSDS0.
