SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

September 23, 2024

Carrier: Verizon Maryland LLC, 1710 Underpass Way, Hagerstown, MD 21740

Contact: For additional information on these planned network changes, please contact:

Lisa M Thompson
Global Engineering and System Performance
Verizon Wireline Network Operations
13100 Columbia Pike
Silver Spring, MD 20904
(410) 375-9777

Quadre Washington
Senior Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Place
Baltimore, MD 21202
(410) 736-4261

Implementation Date: On or after **February 1, 2025**

Planned Network Change(s) Will Occur at the Following Maryland Location(s):

Verizon Central Office	Address	CLLI
Northwood MD 5ESS Switch	518 University Boulevard W. Silver Spring, MD 20901	SLSPMDNWDS0
Hyattsville MD CS2K Switch	5500 Baltimore Avenue Hyattsville, MD 20781	HYVLMDHYP0

This notice may also be viewed at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Northwood MD 5ESS switch are associated with CLLI code SLSPMDNWDS0 and will not be repeated throughout the notice.
- All references to the Hyattsville MD C2SK switch are associated with CLLI code HYVLMDHYPS0 and will not be repeated throughout the notice.

Description of the Planned Network Change(s):

The Verizon Northwood MD 5ESS switch, located at 518 University Boulevard W., Silver Spring, MD 20901, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Hyattsville MD C2SK switch, located at 5500 Baltimore Avenue, Hyattsville, MD 20781. All traffic to be migrated to the Hyattsville MD C2SK switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Hyattsville MD C2SK switch or have existing trunk groups to that switch augmented.

All ASRs for the Hyattsville MD C2SK switch must be received no later than **October 19, 2024**, to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Northwood MD 5ESS switch (**on or after February 1, 2025**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Northwood MD 5ESS switch to reflect the Hyattsville MD C2SK switch as the new home switch. All trunks to the Hyattsville MD C2SK switch must be in place prior to the decommissioning of the Northwood MD 5ESS switch. All ASRs for the Hyattsville MD C2SK switch must carry a project code of **SLSPMDNWDS0**.
