

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

January 14, 2025

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Harvey Salzberg
Global Engineering and Operations
Verizon Wireline Network Operations
140 West Street, 5th Floor
New York, NY 10007
212-519-4852

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
469-497-4466

Implementation Date: On or after July 2, 2025

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Smithtown NY DMS Switch	55 Maple Avenue Smithtown, NY 11787	SMTWNYSMDS0
Deerpark NY CS2k Switch	85 W. Second St Deer Park, NY 11729	DRPKNYDPPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Smithtown NY DMS switch are associated with CLLI code SMTWNYSMDS0 and will not be repeated throughout this notice.
- All references to the Deerpark NY CS2k switch are associated with CLLI code DRPKNYDPPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Smithtown NY DMS switch, located at 55 Maple Avenue, Smithtown, NY 11787, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Deerpark NY CS2k switch, located at 85 W. Second Street, Deer Park, NY 11729. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Deerpark NY CS2k switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Smithtown NY DMS switch will be required to reposition the codes to the Deerpark NY CS2k switch.

All ASRs for the Deerpark NY CS2k switch must be received no later than May 1, 2025, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Smithtown NY DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Smithtown NY DMS switch (**on or after July 2, 2025**). This will serve to guide interconnect re-routes of traffic for the ten (10) native codes currently served by the Smithtown NY DMS switch to reflect the Deerpark NY CS2k switch as the new home switch.
