

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

January 14, 2025

**Carrier:** Verizon Maryland LLC, 1710 Underpass Way, Hagerstown, MD 21740

**Contact:** For additional information on these planned network changes, please contact:

Lisa M Thompson  
Global Engineering and System Performance  
Verizon Wireline Network Operations  
13100 Columbia Pike  
Silver Spring, MD 20904  
(410) 375-9777

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
(469) 497-4466

**Implementation Date:** On or after **July 2, 2025**

**Planned Network Change(s) Will Occur at the Following Maryland Location(s):**

Verizon Central Office	Address	CLLI
Suitland MD 5E Switch	5705 Old Silver Hill Road District Heights, MD 20747	<b>STLDMDSLDS0</b>
Hyattsville MD CS2K Switch	5500 Baltimore Avenue Hyattsville, MD 20781	<b>HYVLMDHYP0</b>

**This notice may also be viewed at:**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Suitland MD 5E switch are associated with CLLI code STLDMDSLDS0 and will not be repeated throughout the notice.
- All references to the Hyattsville MD CS2K switch are associated with CLLI code HYVLMDHYP0 and will not be repeated throughout the notice.

**Description of the Planned Network Change(s):**

The Verizon Suitland MD 5E switch, located at 5705 Old Silver Hill Road, District Heights, MD 20747, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Verizon Hyattsville MD CS2K switch, located at 5500 Baltimore Avenue, Hyattsville, MD 20781. All traffic to be migrated to the Hyattsville MD CS2K switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Hyattsville MD CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Hyattsville MD CS2K must be received no later than **May 21, 2025**, to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Suitland MD 5E switch (**on or after July 2, 2025**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Suitland MD 5E switch to reflect the Hyattsville MD CS2K switch as the new home switch. All trunks to the Hyattsville MD CS2K switch must be in place prior to the decommissioning of the Suitland MD 5E switch.
