Subject : Verizon Partner Solutions Industry Letter: Notice of Changes to Shared Use for Intrastate Tariffs and Product Guides

Please be advised that the Verizon intrastate tariffs and Product Guides in CT, DE, MA, MD, NY, NJ, PA, RI, VA will be modified as described below.

Shared use of Switched Access facilities (i.e., non-switched access services provided over Switched Access systems or facilities) will no longer be permitted. A Shared Use facility will be ordered, provisioned and rated only as Special Access Service, regardless of whether individual channels of the Shared Use facility are used for Special Access Service, Switched Access Service, or any other type of service. The practice known as ratcheting (to apply non-Special Access rates to a Special Access facility on a proportional basis) shall not apply in any circumstances. Further terms and conditions apply as set forth in the above-referenced revisions to the Product Guides and tariffs.

The tariff and Product Guide changes will be available at [verizon.com/tariffs](https://www.verizon.com/tariffs) on July 10, 2024.
