Subject : Verizon Partner Solutions Industry Letter: East 56th Street NY DMS Switch Retirement

PLEASE NOTE:

- All references to the East 56th Street NY DMS switch are associated with CLLI code NYCMNY56DS2 and will not be repeated throughout this letter.
- All references to the Pearl Street NY C20 switch are associated with CLLI code NYCMNYPSPS1 and will not be repeated throughout this letter.

As set out in the Verizon New York Inc. Public Notice of Network Change Under Rule 51.329(a), dated June 21, 2024, on or after January 2, 2025, the East 56th Street NY DMS switch will be retired and removed from the Verizon network as part of ongoing efforts to modernize the network.

General Information: The Exchange Codes (NXXs) in Numbering Plan Areas (NPAs) 212 and 646 currently residing in the East 56th Street NY DMS switch (see list in Table B below) will be moved to the Pearl Street NY C20 switch (see details in Table A below).

The native NPA NXXs belonging to the East 56th Street NY DMS switch will be rehomed upon decommissioning of the switch and reflected in the Local Exchange Routing Guide (LERG) for the Pearl Street NY C20 switch. This will occur on or after January 2, 2025.

Table A

	From	To

Network Changes and Trunk Rearrangements:

The Pearl Street NY C20 switch will be the recipient office of traffic migrated from the East 56th Street NY DMS switch. Traffic bound for the codes listed in Table B will be delivered via the 37th Street NY 23T 5E tandem local and LD FG (NYCMNY3723T intra-lata SHA / inter-lata FG Access SHA).

After all traffic is migrated off the East 56th Street NY DMS switch, this switch will be retired and removed from the network.

CLECs, IXCs, IECs, wireless carriers, and paging carriers will need to secure new trunk groups built to the Pearl Street NY C20 switch or have existing trunk groups to that switch augmented. Carriers that have direct end office trunk (DEOT) with access connectivity in the East 56th Street NY DMS switch will be required to reposition the codes to the Pearl Street NY C20 switch.

All ASRs for the Pearl Street NY C20 switch must be received no later than November 1, 2024, to provide sufficient time to migrate the traffic described above. All traffic must be moved by January 2, 2025. All ASRs for the Pearl Street NY C20 switch must carry the project code of NYCMNY50DS2.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the East 56th Street NY DMS switch.

For inquiries related to the proposed network reconfiguration, or to arrange a meeting with Verizon Network Engineering and Planning personnel, please contact your Verizon Account Manager.

We look forward to working with your team to enable uninterrupted service during the network redesign and transitioning of your traffic.
