Subject : Verizon Partner Solutions Industry Letter: Greenport NY 5E Switch Retirement

PLEASE NOTE:

- All references to the Greenport NY 5E switch are associated with CLLI code GPTSNYGPDS0 and will not be repeated throughout this letter.
- All references to the Deerpark NY CS2k switch are associated with CLLI code DRPKNYDPPS0 and will not be repeated throughout this letter.

As set out in the Verizon New York Inc. Public Notice of Network Change Under Rule 51.329(a), dated August 30, 2024, on or after March 1, 2025, the Greenport NY 5E switch will be retired and removed from the Verizon network as part of ongoing efforts to modernize the network.

General Information: The Exchange Codes (NXXs) in Numbering Plan Area (NPA) 631 currently residing in the Greenport NY 5E switch (see list in Table B below) will be moved to the Deerpark NY CS2k switch (see details in Table A below).

The native NPA NXXs belonging to the Greenport NY 5E switch will be rehomed upon decommissioning of the switch and reflected in the Local Exchange Routing Guide (LERG) for the Deerpark NY CS2k switch. This will occur on or after March 1, 2025.

Table A

	From	To
Entity	Greenport LHDS0	Deerpark DPPS0
Clli	GPTSNYGPDS0	DRPKNYDPPS0
Product	5E	CS2k
Location	74785 Main Road Greenport, New York 11944	85 W. 2nd Street Deer Park, New York 11729
Point Code	247 041 057	247 041 029
NXX Type	EOC	EOC
OCN	9104	9104
Rate Center Lata	132	132
Rate Center	L194, 96,98	L-132
State	NY	NY

Table B

NPA	NXX	TYPE	Switch
631	323	EOC	GPTSNYGPDS0
631	477	EOC	GPTSNYGPDS0
631	749	EOC	GPTSNYGPDS0

Network Changes and Trunk Rearrangements:

The Deerpark NY CS2k switch will be the recipient office of traffic migrated from the Greenport NY 5E switch. Traffic bound for the codes listed in Table B will be delivered via the BRWDNYBWGT0 Deerpark DPG0T Tandem (DRPKNYDPG0T intra-lata SHA / DRPKNYDPG0T inter-lata FG Access SHA).

After all traffic is migrated off the Greenport NY 5E switch, this switch will be retired and removed from the network.

CLECs, IXCs, IECs, wireless carriers, and paging carriers will need to secure new trunk groups built to the Deerpark NY CS2k switch or have existing trunk groups to that switch augmented. Carriers that have direct end office trunk (DEOT) with access connectivity in the Greenport NY 5E switch will be required to reposition the codes to the Deerpark NY CS2k switch.

All ASRs for the Deerpark NY CS2k switch must be received no later than January 2, 2025, to provide sufficient time to migrate the traffic described above. All traffic must be moved by March 1, 2025. All ASRs for the Deerpark NY CS2k switch must carry the project code of GPTSNYGPDS0.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the Greenport NY 5E switch.

For inquiries related to the proposed network reconfiguration, or to arrange a meeting with Verizon Network Engineering and Planning personnel, please contact your Verizon Account Manager.

We look forward to working with your team to enable uninterrupted service during the network redesign and transitioning of your traffic.
