

6929 N. Lakewood Avenue
Tulsa, OK 74117

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

November 1, 2022

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
999 W. Main St., 4th Floor
Freehold, NJ 07728
732-683-5126

Implementation Date: On or after January 3, 2023

Planned Network Change(s) will occur at the following location(s) in New York:

Verizon Central Office	Address	CLLI
Hartwick, NY DMS10 switch	3 Wells Avenue Hartwick, NY 13348	HRWKNYHWDS0
Oneonta, NY DMS100 switch	17 Elm Street Oneonta, NY 13820	ONNTNYOADS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Hartwick, NY DMS10 switch are associated with CLLI code HRWKNYHWDS0 and will not be repeated throughout this notice.

- All references to the Oneonta, NY DMS100 switch are associated with CLLI code ONNTNYOADS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Hartwick, NY DMS10 switch, located at 3 Wells Avenue, Hartwick, NY 13348, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Oneonta, NY DMS100 switch, located at 17 Elm Street, Oneonta, NY 13820. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Oneonta, NY DMS100 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Hartwick, NY DMS10 switch will be required to reposition the codes to the Oneonta, NY DMS100 switch.

All ASRs for the Oneonta, NY DMS100 switch must be received no later than December 2, 2022 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Hartwick, NY DMS10 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Hartwick, NY DMS10 switch (**on or after January 3, 2023**). This will serve to guide interconnect re-routes of traffic for the one (1) native code currently served by the Hartwick, NY DMS10 switch to reflect the Oneonta, NY DMS100 switch as the new home switch. All ASRs for the Oneonta, NY DMS100 switch must carry the project code of HRWKNYHWDS0.
