

6929 N. Lakewood Avenue
Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

January 3, 2023

Carrier: Verizon New England Inc., 6 Bowdoin Square, 9th Floor, Boston, MA 02114

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
999 W Main St., 04 Floor
Freehold, NJ 07728
732-683-5126

Implementation Date: On or after August 1, 2023

Planned Network Change(s) will occur at the following location(s) in Rhode Island:

Verizon Central Office	Address	CLLI
Providence Broad Street, RI DMS100 Switch	1096 Broad Street Providence, RI 02905	PRVDRIBRDS1
Providence, RI Packet End Office (PEO) Switch	234 Washington Street Providence, RI 02903	PRVDRIWAPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Providence Broad Street, RI. DMS100 switch are associated with CLI code PRVDRIBRDS1 and will not be repeated throughout this notice.
- All references to the Providence, RI PEO switch are associated with CLI code PRVDRIWAPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Providence Broad Street, RI. DMS100 switch, located at 1096 Broad Street, Providence, RI 02905, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Providence, RI PEO switch, located at 234 Washington Street, Providence, RI 02903. All traffic to be migrated includes, but is not limited to Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Providence, RI PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Providence Broad Street, RI DMS100 switch will be required to reposition the codes to the Providence, RI PEO switch.

All ASRs for the Providence, RI PEO switch must be received no later than June 1, 2023 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Providence Broad Street, RI DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Providence Broad Street, RI DMS100 switch (**on or after August 1, 2023**). This will serve to guide interconnect re-routes of traffic for the ten (10) native codes currently served by the Providence Broad Street, RI DMS100 switch to reflect the Providence, RI PEO switch as the new home switch. All ASRs for the Providence, RI PEO switch must carry the project code of **PRVDRIBRDS1**.
