

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

August 16, 2023

**Carrier:** Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

**Contact:** For additional information on these planned network changes, please contact:

Lisa Thompson  
Global Data Network Engineering  
Verizon Wireline Network Operations  
13100 Columbia Pike, Floor 5 Room 505  
Silver Spring, MD 20904  
410 375 9777

Quadre Washington  
Senior Manager – Global Data Network Engineering  
Verizon Wireline Network Operations  
320 Saint Paul PL  
Baltimore, Md. 21202  
410 736 4261

**Implementation Date:** On or after **April 1, 2024**

**Planned Network Change(s) will occur at the following locations in Pennsylvania:**

Verizon Central Office	Address	CLLI
Ardmore PA 5ESS Switch	116 E. Lancaster Avenue Ardmore PA 19003	ARMRPAARDS0
Fort Washington PA CS2K Switch	1050 Virginia Drive Fort Washington PA 19034	FTWSPAFWPS1

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Ardmore PA 5ESS switch are associated with CLI code ARMRPAARDS0 and will not be repeated throughout this notice.

- All references to the Fort Washington PA CS2K switch are associated with CLI code FTWSPAFWPS1 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Ardmore PA 5ESS switch, located at 116 E. Lancaster Avenue, Ardmore, PA 19003, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Fort Washington PA CS2K switch, located at 1050 Virginia Drive, Fort Washington, PA 19034. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Fort Washington PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Ardmore PA 5ESS switch will be required to reposition the codes to the Fort Washington PA CS2K switch.

All ASRs for the Fort Washington PA CS2K switch must be received no later than February 28, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Ardmore PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Ardmore PA 5ESS switch (**on or after April 1, 2024**). This will serve to guide interconnect re-routes of traffic for the five (5) native codes currently served by the Ardmore PA 5ESS switch to reflect the Fort Washington PA CS2K switch as the new home switch. All ASRs for the Fort Washington PA CS2K switch must carry the project code of **ARMRPAARDS0**.
