140 West Street, 5th Floor
New York, NY 10007
212-519-4852

Quadre Washington
Manager Global Network Engineering and Operations
Verizon Wireline Network Operations
320 Saint Paul PL
Baltimore MD, 21202
410-736-4261

Implementation Date: On or after August 1, 2024

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Convent Avenue NY DMS Switch	380 Convent Avenue New York, NY 10031	NYCMNYCADS0
Pearl Street NY C20 Switch	375 Pearl Street New York, NY 10038	NYCMNYSPS1

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/networkdisclosures>

PLEASE NOTE:

- All references to the Convent Avenue NY DMS switch are associated with CLLI code NYCMNYCADS0 and will not be repeated throughout this notice.
- All references to the Pearl Street NY C20 switch are associated with CLLI code NYCMNYSPS1 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Covent Avenue NY DMS switch, located at 380 Convent Avenue, New York, NY 10031, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pearl Street NY C20 switch, located at 375 Pearl Street, New York, NY 10038. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-BD/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Pearl Street NY C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Convent Avenue NY DMS switch will be required to reposition the codes to the Pearl Street NY C20 switch.

All ASRs for the Pearl Street NY C20 switch must be received no later than June 1, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Convent Avenue NY DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change

effective dates will be posted prior to decommissioning of the Convent Avenue NY DMS switch (**on or after August 1, 2024**). This will serve to guide interconnect re-routes of traffic for the twelve (12) native codes currently served by the Convent Avenue NY DMS switch to reflect the Pearl Street NY C20 switch as the new home switch. All ASRs for the Pearl Street NY C20 switch must carry the project code of NYCMNYCADS0.
