

6929 N. Lakewood Avenue
Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

May 24, 2024

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

Quadre Washington
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Place
Baltimore, MD 21202
410-736-4261

Implementation Date: On or after January 2, 2025.

Planned Network Change(s) will occur at the following location(s) in New York:

Verizon Central Office	Address	CLLI
Fayetteville, NY DMS100 Switch	200 Chapel Street Fayetteville, NY 13066	FYVLNYFVDS0
Syracuse, NY Packet End Office Switch	201 S. State Street Syracuse, NY 13202	SYRCNYSUPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Fayetteville, NY DMS100 switch are associated with CLLI code FYVLNYFVDS0 and will not be repeated throughout this notice.
- All references to the Syracuse, NY Packet End Office (PEO) switch are associated with CLLI code SYRCNYSUPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Fayetteville, NY DMS100 switch, located at 200 Chapel Street, Fayetteville, NY 13066, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Syracuse, NY PEO switch, located at 201 S. State Street, Syracuse, NY 13202. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Syracuse, NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Fayetteville, NY DMS100 switch will be required to reposition the codes to the Syracuse, NY PEO switch.

All ASRs for the Syracuse, NY PEO switch must be received no later than November 14, 2024, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Fayetteville, NY DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Fayetteville, NY DMS100 switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the three (3) native codes currently served by the Fayetteville, NY DMS100 switch to reflect the Syracuse, NY PEO switch as the new home switch. All ASRs for the Syracuse, NY PEO switch must carry the project code of FYVLNYFVDS0.
