PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

May 24, 2024

Carrier: Verizon Maryland LLC, 1 East Pratt Street, Baltimore, MD 21202

Contact: For additional information on these planned network changes, please contact:

Lisa M Thompson
Global Engineering and System Performance
Verizon Wireline Network Operations
13100 Columbia Pike
Silver Spring, MD 20904
(410) 375-9777

Quadre Washington
Senior Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Place
Baltimore, MD 21202
(410) 736-4261

Implementation Date: On or after **January 2, 2025**

Planned Network Change(s) Will Occur at the Following Maryland Location(s):

Verizon Central Office	Address	CLLI
Bethesda MD 5E Switch	4533 Stanford Street Chevy Chase, MD 20815	**CHCHMDBEDS0**
Gaithersburg MD CS2K Switch	5 N. Frederick Avenue Gaithersburg, MD 20877	**GTBGMDGBPS0**

This notice may also be viewed at:
http://www.verizon.com/about/terms-conditions/network-disclosures

PLEASE NOTE:
- All references to the Bethesda MD 5E switch are associated with CLLI code CHCHMDBEDS0 and will not be repeated throughout the notice.
- All references to the Gaithersburg MD CS2K switch are associated with CLLI code GTBGMDGBPS0 and will not be repeated throughout the notice.

Description of the Planned Network Change(s):
The Verizon Bethesda MD 5E switch, located at 4533 Stanford Street, Chevy Chase, MD 20815, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Gaithersburg MD CS2K switch, located at 5 N. Frederick Avenue, Gaithersburg, MD 20877. All traffic to be migrated to the Gaithersburg MD CS2K switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):
All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Gaithersburg MD CS2K switch or have existing trunk groups to that switch augmented.

All ASRs for the Gaithersburg MD CS2K switch must be received no later than **November 12, 2024**, to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Bethesda MD 5E switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Bethesda MD 5E switch to reflect the Gaithersburg MD CS2K switch as the new home switch. All trunks to the Gaithersburg MD CS2K switch must be in place prior to the decommissioning of the Bethesda MD 5E switch. All ASRs for the Gaithersburg MD CS2K switch must carry a project code of **CHCHMDBEDS0.**
