

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

June 21, 2024

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Marcia Chaffin  
Verizon Network Engineering  
385 Myles Standish Blvd.  
Taunton, MA 02780  
978-552-3638

Quadre Washington  
Manager – Global Engineering and System Performance  
Verizon Wireline Network Operations  
320 Saint Paul Pl.  
Baltimore, MD 21202  
410-736-4261

**Implementation Date:** On or after January 2, 2025.

**Planned Network Change(s) will occur at the following location(s) in New York:**

| Verizon Central Office                | Address                                   | CLLI               |
|---------------------------------------|---|--------------------|
| Sodus, NY DMS10 Switch                | 15 Maple Avenue<br>Sodus, NY 14551        | <b>SODSNYSDDS0</b> |
| Syracuse, NY Packet End Office Switch | 201 S. State Street<br>Syracuse, NY 13202 | <b>SYRCNYSUPS0</b> |

**This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>**

PLEASE NOTE:

- All references to the Sodus, NY DMS10 switch are associated with CLI code SODSNYSDDS0 and will not be repeated throughout this notice.
- All references to the Syracuse, NY Packet End Office (PEO) switch are associated with CLI code SYRCNYSUPS0 and will not be repeated throughout this notice.

### **Description of the Planned Network Change(s):**

The Verizon Sodus, NY DMS10 switch, located at 15 Maple Avenue, Sodus, NY 14551, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Syracuse, NY PEO switch, located at 201 S. State Street, Syracuse, NY 13202. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

### **Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Syracuse, NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Sodus, NY DMS10 switch will be required to reposition the codes to the Syracuse, NY PEO switch.

All ASRs for the Syracuse, NY PEO switch must be received no later than November 19, 2024, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Sodus, NY DMS10 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Sodus, NY DMS10 switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the one (1) native code currently served by the Sodus, NY DMS10 switch to reflect the Syracuse, NY PEO switch as the new home switch. All ASRs for the Syracuse, NY PEO switch must carry the project code of SODSNYSDDS0.
