

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

June 21, 2024

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Harvey Salzberg  
Global Engineering and Operations  
Verizon Wireline Network Operations  
140 West Street, 5<sup>th</sup> Floor  
New York, NY 10007  
212-519-4852

Quadre Washington  
Assoc Dir – Global Network Engineering and Operations  
Verizon Wireline Network Operations West Main St., 2<sup>nd</sup> Floor  
320 Saint Paul Pl.  
Baltimore, MD 21202  
410-736-4261

**Implementation Date:** On or after January 2, 2025

**Planned Network Change(s) will occur at the following locations in New York:**

Verizon Central Office	Address	CLLI
East 30th Street NY 5E Switch	227 East 30th Street New York, NY 10016	<b>NYCMNY30DS1</b>
Pearl Street NY C20 Switch	375 Pearl Street New York, NY 10038	<b>NYCMNYPSPS1</b>

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the 30th Street NY 5E switch are associated with CLLI code NYCMNY30DS1 and will not be repeated throughout this notice.
- All references to the Pearl Street NY C20 switch are associated with CLLI code NYCMNYSPS1 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon East 30th Street NY 5E switch, located at 227 East 30th Street, New York, NY 10016, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pearl Street NY C20 switch, located at 375 Pearl Street, New York, NY 10038. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Pearl Street NY C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the East 30th Street NY 5E switch will be required to reposition the codes to the Pearl Street NY C20 switch.

All ASRs for the Pearl Street NY C20 switch must be received no later than November 1, 2024, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the East 30th Street NY 5E switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the East 30th Street NY 5E switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the twenty-one (21) native codes currently served by the East 30th Street NY 5E switch to reflect the Pearl Street NY C20 switch as the new home switch. All ASRs for the Pearl Street NY C20 switch must carry the project code of NYCMNY30DS1.
