

6929 N. Lakewood Avenue
Tulsa, OK 74117

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

September 23, 2024

Carrier: Verizon New Jersey Inc., One Verizon Way, Basking Ridge 07920

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
410-375-9777

Quadre Washington
Associate Director – Global Data Network Engineering
Verizon Wireline Network Operations
320 Saint Paul Place
Baltimore, MD 21202
410-259-9829

Implementation Date: On or after February 1, 2025

Planned Network Change(s) will occur at the following locations in New Jersey:

Verizon Central Office	Address	CLLI
Leonia NJ 5ESS Switch	502 Main Street Fort Lee, NJ 07024	FTLENJLEDS5
Rochelle Park NJ CS2K Switch	65 W. Passaic Street Rochelle Park, NJ 07662	RCPKNJ01PS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Leonia NJ 5ESS switch are associated with CLI code FTLENJLEDS5 and will not be repeated throughout this notice.
- All references to the Rochelle Park NJ CS2K switch are associated with CLI code RCPKNJ01PS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Leonia NJ 5ESS switch, located at 502 Main Street, Fort Lee, NJ 07024, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Rochelle Park NJ CS2K switch, located at 65 W. Passaic Street, Rochelle Park, NJ 07662. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Rochelle Park NJ CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Leonia NJ 5ESS switch will be required to reposition the codes to the Rochelle Park NJ CS2K switch.

All ASRs for the Rochelle Park NJ CS2K switch must be received no later than November 19, 2024, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Leonia NJ 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Leonia NJ 5ESS switch (**on or after February 1, 2025**). This will serve to guide interconnect re-routes of traffic for the twelve (12) native codes currently served by the Leonia NJ 5ESS switch to reflect the Rochelle Park NJ CS2K switch as the new home switch. All ASRs for the Rochelle Park NJ CS2K switch must carry the project code of **FTLENJLEDS5**.
