Products

- Private IP (Single and Multi Location Quote)
- Private Line (PL) services - Metro PL, USPL, Dedicated Access Line (DAL) (Only available in Multi-Location Quoting)

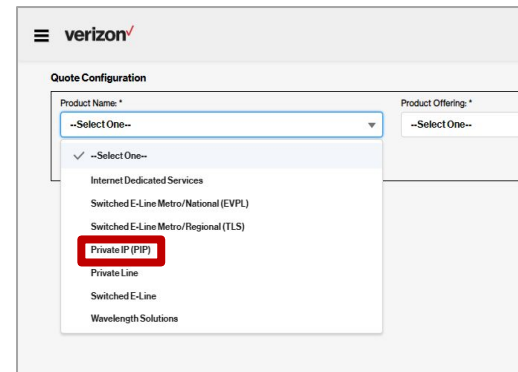

Private IP (PIP)

Single line quoting and ordering of Private IP is now available in the Verizon Partner Solutions Exchange portal.

Quote PIP (Domestic US) via Multi-Location Quoting

- See Multi-Location section (pages 6 - 12 for quoting instructions)

Private Line (PL) services - Metro PL, USPL, and Dedicated Access Line (DAL)

Quote via Multi-Location Quoting

- See Multi-Location section (pages 6 - 12 for quoting instructions)

The screenshot shows the Verizon "Quote Configuration" interface. At the top left is the Verizon logo. Below it, the "Quote Configuration" section contains two dropdown menus: "Product Name: *" and "Product Offering: *". The "Product Name" dropdown is open, showing a list of service options. The "Private Line" option is highlighted with a red box. Other options in the list include "Internet Dedicated Services", "Switched E-Line Metro/National (EVPL)", "Switched E-Line Metro/Regional (TLS)", "Private IP (PIP)", "Switched E-Line", and "Wavelength Solutions".

Multi-Location Quoting Enhancements

Multi-Location Quoting | Additional Products

- Private IP (Domestic US)
- Private Line (PL) services - Metro PL, USPL, and Dedicated Access Line (DAL) (**Available to quote via Multi-Location only**)

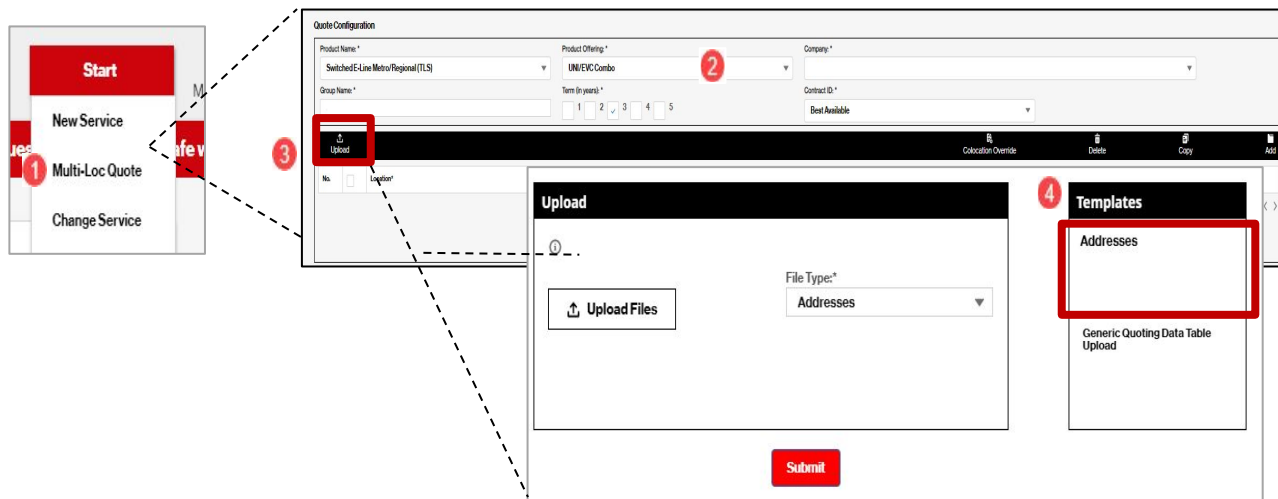

The screenshot displays the Verizon Quote Configuration interface. At the top left is the Verizon logo. Below it, the section is titled "Quote Configuration". There are two dropdown menus: "Product Name: *" and "Product Offering: *". The "Product Name" dropdown is open, showing a list of options: "--Select One--", "Internet Dedicated Services", "Switched E-Line Metro/National (EVPL)", "Switched E-Line Metro/Regional (TLS)", "Private IP (PIP)", "Private Line", "Switched E-Line", and "Wavelength Solutions". The "Private IP (PIP)" and "Private Line" options are highlighted with a red rectangular box. The "Product Offering" dropdown is currently closed and shows "--Select One--".

Multi-Location Quoting

Multi Location quoting provides 2 options for pricing: uploading a file and generating a standard price quote.

Uploading a file:

1. Select Multi-Loc Quote
2. Select Configuration (Product Name, Product Offering Company, Term and Contract ID as applicable)
3. Click Upload
4. Click Templates link to download the Excel template of your choice
 - Addresses
 - Generic Quoting Data Table Upload

From the pop up:

Fill out template appropriately and save the document

1. Click Upload Files or drag and drop the saved template to the Upload Files button
2. Click Submit

The screenshot shows a software interface with a 'Quote Configuration' window in the background. The 'Upload' pop-up window is the primary focus. It has a title bar 'Upload' and a close button. Below the title bar, there is a 'File Type*' dropdown menu with 'Addresses' selected. A red box highlights the 'Upload Files' button, and a red circle with the number '1' is next to it. A 'Submit' button is visible at the bottom right. The background window shows fields for Product Name, Group Name, Product Offering, Term, Company, and Contract ID.

Note: Product configuration will need to be entered manually after the upload.

Generate a standard price quote within the multi location process

1. Select Product, Product Offering and Company
2. Revise Group Name (if desired) & Select Term and Contract ID
3. Enter location
4. Enter the speed, select Performance, Customer VLAN
5. Copy or add additional locations (as desired)
6. Select Get Pricing

Voice Toll Free

Voice Toll Free | Realtime Lookup

User will have a real time look up to:

- Validate if the number is active

Option 2: Paste in TF numbers (Max 100 numbers)

Allows you to type in a Toll Free number(s) and search. The system will display the results at the bottom of the page.

Users can:

- confirm the numbers are active on the account
- view a disconnect date for applicable numbers

The screenshot shows the Verizon Voice Toll Free Realtime Lookup interface. The interface is divided into sections: Basic Info, Provide TF Number, and Look Up Result. The 'Provide TF Number' section has two options: 'Option 1: Upload' and 'Option 2: Paste in TF numbers (Max 100 numbers)'. Option 2 is highlighted with a red box and includes a text input field for 'TF Numbers' and a 'Look Up' button. The 'Look Up Result' section displays a table of results.

<input type="checkbox"/>	Toll Free Number	Toll Free Type	Account Number	Action	SwtPOTS ID	Activation Date	...Disconnect Date	...
<input type="checkbox"/>	8557371206	ATF	101010	Change		10072021		
<input type="checkbox"/>	8557371216			TFN Not Found				
<input type="checkbox"/>	8664781139			TFN Not Found				
<input type="checkbox"/>	8773101597			Disconnected			04262022	
<input type="checkbox"/>	8773101591			Disconnected			04262022	

Note: Provisioning options from the look-up results will be available at a later date.

Historical Quotes

Historical Quotes

How to access quotes previously submitted in GWP and PQS (or manual process that replaced PQS):

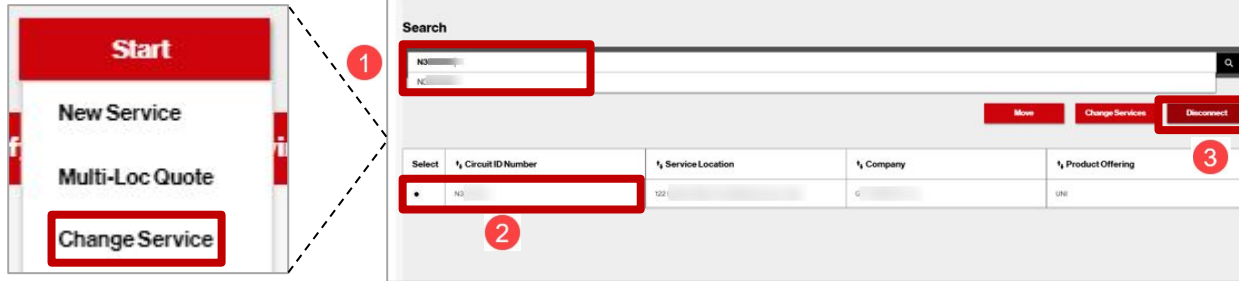

1. From the dashboard, paste the following URL in the URL box at the top of the window
<https://vpsverizon.force.com/Partner/s/historicQuoteData> [Click Enter]
2. At the Historical Quote Data screen, enter the appropriate data:
 - Quote ID
 - Select the Company
 - Select the Application

A screenshot of the 'Quote Configuration' form in the Verizon Partner Solutions Exchange. The form has three input fields: 'Quote ID: *' (a text box), 'Company: *' (a dropdown menu with '--Select One--'), and 'Application: *' (a dropdown menu with 'Global Wholesale Portal'). There is a 'Download PDF' button with a download icon. A red banner at the top of the page contains the text: 'Welcome to Verizon Partner Solutions Exchange **** ALERT: Portal will be upgrading to a new release and unavailable from Friday, May 20 @ 8:00PM until Sunday, May 22 @ 12:00AM eastern time. ****'. A red circle with the number '2' is overlaid on the top right of the form area.

Change Services | Disconnects

Search

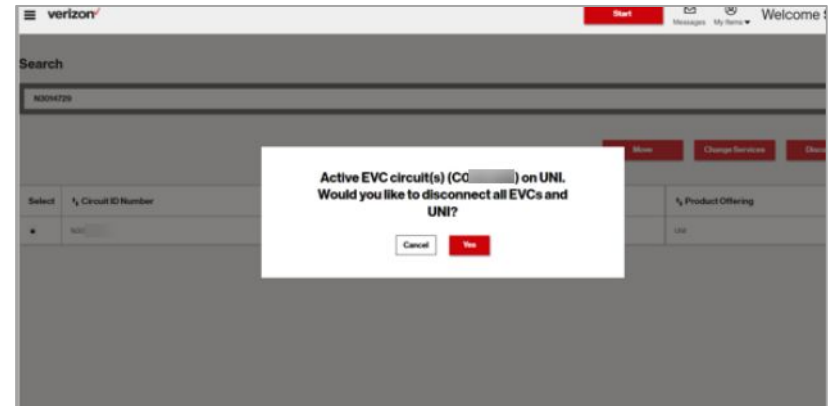

From the Start Button, click Change Service.

1. On the Search window, enter the circuit
2. Select the circuit
3. Click Disconnect

For UNI Circuits, the associated EVCs will be disconnected as well.

Hence the confirmation message:

Details

1. Enter an Order Name and any remarks or RPON as applicable. (Verify circuit Info and End Customer Name)
2. Click Next

Contacts & Delivery

Complete Contacts and Delivery screens

The image displays two overlapping screenshots of a Verizon mobile application interface.

The left screenshot shows a 'Contacts' form with the following fields:

- Technical Contact:**
 - Name: Test Technical
 - Email: testtech@test.com
- Primary Customer Contact:**
 - Name: Test Primary
 - Email: testprimary@test.com
- End Customer (Local Contact):**
 - Name: Test Local
 - Email: testlocal@test.com
- Alternate Local Contact:**
 - Name: Test Alt
 - Email: testalt@test.com

The right screenshot shows a 'Calendar' screen with a 'Requested Due Date' calendar for 2022. The calendar displays the current date as Thursday, 28th. The calendar grid shows the following dates:

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
SUN	MON	TUE	WED	THU	FR	SAT					
01	02	03	04	05	06	07					
08	09	10	11	12	13	14					
15	16	17	18	19	20	21					
22	23	24	25	26	27	28					
29	30	31									

The calendar also includes a 'Requested Due Date' section with a dropdown menu set to 2022, and a 'Calendar' section with the current date (28) and day (Thursday). There is also an 'Early Acceptance' section with 'Yes' and 'No' buttons.

Summary

Review the Order summary

1. Save the Order and
2. Print the Order PDF

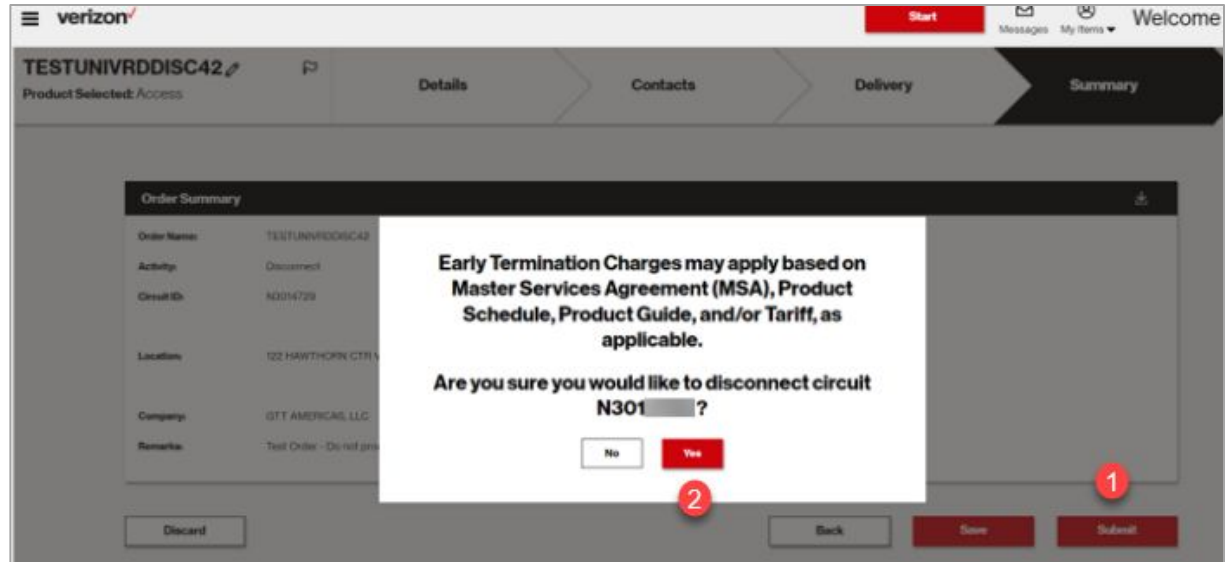

The screenshot displays the Verizon Order Summary interface. At the top, there is a navigation bar with the Verizon logo, a 'Start' button, and user information including 'Messages', 'My Items', and 'Welcome'. The main content area is titled 'Order Summary' and contains the following details:

Order Name:	TESTUNYFD00SC42	Contacts	
Activity:	Disconnect	Technical Contact:	Test Technical
Circuit ID:	NDI [redacted]	Primary Customer Contact:	Test Primary
Location:	122 [redacted]	Local Contact:	Test Local
Company:	[redacted]	Alternate Local Contact:	Test Alt
Remarks:	Test Order - Do not process	Requested Due Date:	05/13/2022
		Early Acceptance:	YES

At the bottom of the page, there are three buttons: 'Discard', 'Back', and 'Save'. A red callout '1' is positioned near the 'Save' button, and a red callout '2' is positioned near a download icon in the top right corner of the order summary box.

Order Submission

1. Click Submit
2. Acknowledge Early Termination Charges and disconnection of the circuit popup

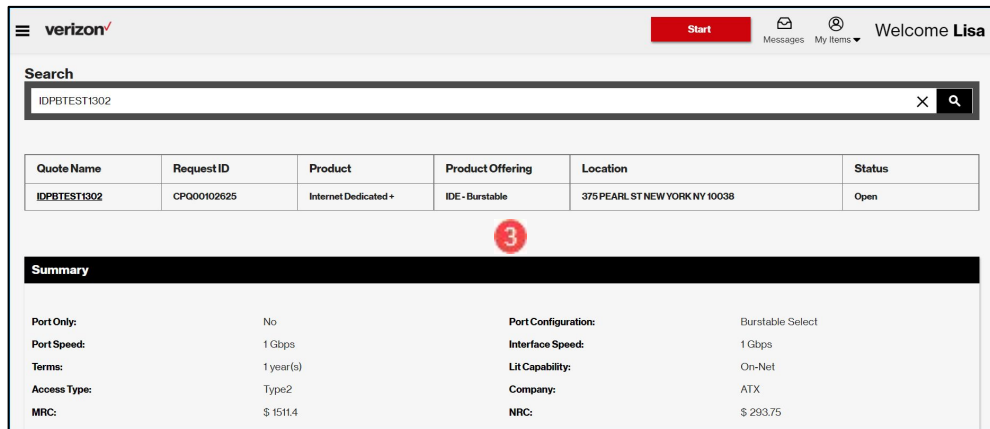

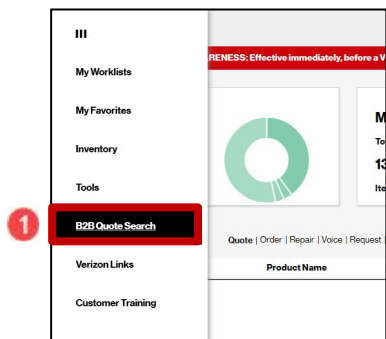

API Quotes

API Quotes to Portal | Additional Products

In the February release we added the ability to view and edit Verizon Partner Solutions Exchange API quotes for Switched E-Line TLS, Wave and Private IP. This release will enable the ability for Private IP, Private Line (PL) services - Metro PL, USPL, and Dedicated Access Line (DAL)

1. From the Hamburger menu  Click “B2B Quote Search”
2. Enter API quote number
3. Quote Summary is displayed

Edit API Quote

To edit the API Quote:

1. Click on Quote Name, (which opens to a multi-loc quote screen with the quote info pre-populated)
2. Make any necessary changes (if applicable) and click, Get Pricing
