

## Verizon Partner Solutions Exchange

### More value added to the Partner Solutions Exchange Portal

On **Sunday May 21, 2023**, the Verizon Partner Solutions Exchange platform will deliver new system enhancements to further simplify your current user experience.

#### Product

- **Wave VZB Non-Optimized** quote to order flow will be supported. The multi-line quote must be in 'Pricing Updated' status to order.
- **Fiber-to-the-Internet (FTTI)** bulk address validation upload/download, add address and lead list are added features.

#### Ordering

- **Switched E-Line on iEN test** results available to download for 90 days from the Provisioning Complete date

#### Network Inquiry

- **Network maps (KMZ format)** for as-provisioned service, quoted route design for Metro/National Wave service, and fiber availability can be requested for download. Additional products and quotes created in other applications are also supported. Customers with authorized access can use this feature.

#### System Downtime for this release upgrade.

**Friday, May 19th @ 8:00 PM to Sunday, May 21st @ 12:00 AM (Eastern Time)**

The system will be unavailable to process quotes, orders, tickets, and other transactions.
