1. The purpose of this modification is to incorporate language regarding Trade Act Agreements and Service Enabling Devices.

2. The contract is modified as follows:

Section B. This section is modified to add the following language to B.4.1:

“SEDs may or may not be domestic end products or end products of a designated country. SEDs are not available through this contract apart from ordering the telecommunications network service.

Telecommunications network services is one of several services excluded from the World Trade Organization Government Procurement Agreement and the other Free Trade Agreements executed by the United States Government. See FAR 25.401(b). The telecommunications network service offered under this contract has been determined by the GSA Contracting Officer to be domestic in origin. See FAR 25.402(a)(2).

As telecommunications network service is excluded from Trade Act Agreements coverage, GSA has used the group offer analysis provided by FAR 25.503(c)(1) to determine that the value of the domestic end product exceeds 50% of the total proposed price of the group; therefore, the bundled telecommunications network service and SEDS group offer is evaluated as domestic.”

Section I. This section is modified to add FAR 52.225-5 Trade Agreements (NOV 2013) in full text.

3. The estimated dollar value of the contract remains unchanged.

4. Except as provided herein, all prices, terms and conditions of the document referenced in Item 10A remain unchanged and in full force and effect.
