

The easy way for small businesses to manage every aspect of their Apple devices.

Sign up for Apple Business Essentials and get the first 2 months on us*—and seamlessly bring together device management, 24/7 support, and cloud storage with one complete subscription. Take advantage of this opportunity to keep your business moving. All on the network businesses rely on.

*New Apple Business Essentials customers only. Monthly subscription will auto-renew at the end of the initial two months and each month thereafter, unless cancelled by the customer.

Setup

Add users, not work, with fast and simple setup. Whether configuring devices for new employees, sharing apps, or changing password settings, you can do it all in one place.

Onboarding

Onboarding new employees is as easy as signing in. Managed Apple IDs let users access apps, storage, and AppleCare support.

Backup

Employees get a dedicated iCloud account for work, making backup, storage, and collaboration simple and secure.

Security

Help protect every device with security settings you control. Keep employees' personal and work data separate, enhancing their privacy. Lost Mode helps you locate a missing iPhone or iPad.

Update

Easily update or replace devices, and assign users to new devices.

Support

Resolve issues quickly. Prioritized 24/7 support and deployment assistance is available for AppleCare+ for Business Essentials plans.

Repairs

Plans with AppleCare+ for Business Essentials come with up to two repairs per plan, drop-off at any Apple Authorized Service Provider may help to minimize downtime and save time.

One subscription. Plenty of options.

You can mix and match plans to cover every employee and every device. And make changes to your plans anytime.
