

Return a Call From a Voice Message in Cisco Jabber

Release: 12.5

1. Go to , tap  next to a message.
2. On the voice message **Details** screen, tap **Call Back**.
If using Dial via Office (DVO), follow these steps:
 - a. Tap **Answer** to accept the call.
 - b. If prompted, press a number on the keypad.

After you accept the call, the corporate calling system places your callback. The DVO call opens in the native phone application.
