GLOBAL DATA LINK SERVICES

1. **GENERAL**

1.1 **Service Definition.** Global Data Link (GDL) is a point-to-point full circuit private line service. Effective November 1, 2015, 64 kbps to 1024 kpbs are grandfathered and are no longer available to new GDL Customers. Existing GDL customers may add, move, change, and disconnect 64 kbps to 1024 kpbs GDL services with the understanding that renewals of such services will not be permitted. Other speeds are available upon request.

1.2 **Platforms.** These terms apply to non-optimized Global Data Link Services only.

1.3 **Availability.** Outside the U.S. Mainland, Company provides GDL service only to specified geographic areas, based on Verizon Points of Presence that support GDL. Availability is subject to legal, regulatory, equipment, geographic, technical, and other limitations or conditions affecting the service.

1.4 **GDL Service Between the U.S. Mainland and Canada and Mexico.** In addition, GDL service may be limited by technical and non-technical service limitations of Canadian or Mexican carrier(s).

1.5 **Available Speeds.** Standard international connectivity speeds range from 64 Kbps (DS0) to 44.736 Mbps (DS3), unless otherwise designated.

2. **SUPPLEMENTAL TERMS.** In addition to the Master Terms of this Agreement, the following terms apply.

2.1 **GDL to India.** GDL connecting to India may only be sold and invoiced through Verizon Communications India Pvt. Ltd. and unless otherwise agreed to by Verizon, only to a Customer entity based in India. Customer shall be required to sign a service order form issued by Verizon Communications India Pvt. Ltd. to complete a sale transaction for GDL in India.

2.2 **Restriction on Encryption Functionality in India.** Prior to connecting any encryption equipment to Verizon Facilities in India Customer must obtain prior evaluation and approval from the relevant telecom authority.

2.3 **Local Access Service.** Local access service is required for GDL Service. U.S.-based local access is provided by Legacy MCI Company pursuant to the Access Services Attachment. Local access outside of the U.S. is provided as set forth in the Financial Terms section below.

2.4 **Availability Outside of the U.S.** Outside of the United States, GDL service is also subject to the laws and regulations of the foreign country where the circuit terminates.
