¹ Your primary address for Verizon Home Device Protect coverage is your Verizon account address. You may change your second covered address up to three (3) times per 12 months. In order to cover a second address, you must add it through your Asurion dashboard at my.asurion.com/dashboard or at the time of filing a claim. Your second covered address must be used primarily for residential and not business purposes. Terms and conditions apply to both covered addresses, and claims at both covered addresses will count towards the plan aggregate claim limit.

² In-home support visit services include troubleshooting assistance, network assessments, and setting up select products including streaming players, wireless printers and eligible wireless routers. Excludes Verizon-branded or provided routers and audio/video streaming devices supported by Verizon. In-home support visits do not include physical installations, mounting, or steps that require tools. Please review Terms of Service for a full list of in-home support visit services.

³ Home tech installations are available in select locations for select products, which are subject to change at any time. Products must be new or fully functioning at the time of installation, and Wi-Fi access must be available for certain products to be installed. Availability of installation services is contingent on certain criteria, including product type, customer location and appointment/technician availability.

⁴ \$99 professional setup fee for Verizon 5G Home Internet waived in locations where professional setup is available (if presented at time of service order). After 90 days of enrollment in Verizon Home Device Protect and maintaining Verizon 5G Home Internet service, the setup fee will be waived and a bill credit will be added to the customer's Verizon account. Waiver of the setup fee may also be offered to other Verizon customers periodically on a promotional basis.
