Gear S3 frontier

About your Gear S3

NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.

Heart rate sensor

Caution: Use only charging devices and batteries that are approved by Samsung. Samsung accessories are designed for your device to maximize battery life. Using other accessories may void your warranty and may cause damage.

Setting up your Gear S3

Your Gear S3 already has a SIM card installed.

Step 1. Charge your Gear S3

Before turning on your Gear S3, charge it fully.

1. Plug the cable into the Wireless charger dock, and then plug the charging adapter into an outlet.

2. Place your Gear on the wireless charger dock as shown.

NOTE: Your Gear S3 is equipped with a nonremovable SIM card. You should never attempt to open or disassemble your Gear S3. Doing so may cause damage that voids your warranty.

Step 2. Turn your Gear S3 on/off

To turn **ON** your Gear S3, press and hold the **Home/Power** button.

To turn it **OFF**, press and hold the **Home/Power** button, and then tap **Power off**.

Step 3. Activate your Gear S3

Tap **Activate** on your Gear S3 and follow the instructions.

Step 4. Download and connect

Download the Samsung Gear app

You can get it from the Google Play Store (Android), the App Store (iPhone), from Galaxy Apps, or visit:

Samsung.com/Gear.

Pair your Gear S3 with your smartphone

1. Turn on **Bluetooth** on your smartphone.
2. Open the **Samsung Gear**  app on your smartphone.
3. Tap **CONNECT TO GEAR**.
4. Confirm the Bluetooth passkey on both devices, and then tap **OK**.
5. Follow the instructions to complete set up.

Compatible with select devices using Android 4.4 and later or iOS 9.0 and later, with at least 1.5 GB RAM. Supported devices may vary by carrier and device. Some features may not be available. For best results, connect with compatible Samsung Galaxy devices. For a list of compatible smartphones, please visit Samsung.com/GearS3.

Additional information

Your wireless device and third-party services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this device or any non-Verizon Wireless applications, services and products, including any personal information you choose to use, submit or share with others. Specific third-party terms and conditions, terms of use and privacy policies apply. Please review carefully all applicable terms, conditions and policies prior to using this wireless device and any associated application, product or service.

Hearing aid compatibility information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer technologies that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant to determine if you hear any interfering noise. Ask your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, ask your service provider or phone retailer.
